CLASSROOM News

Room 4 We love to finger paint with friends and counting from 1-10 in English and Spanish. The children are learning their friend's names during circle time.

Room 7 The children are working very hard on potty training and are doing a great job! This month we are looking forward to Dr. Suess on the Loose, Fairy Tales and our other weekly theme activities. The children are also working on counting and saying colors in Spanish.

Room 9 We are having so much fun with all our new friends and have learned that sharing means caring! We are so excited with all the new art activities that Miss Veronica has showed us. The children really enjoy riding the bikes outside and playing in the sandbox. We have lots of fun taking turns on the weatherman and helping Miss Veronica pass out snack and cleaning up.

Room 11B Miss Ritu is very excited for March – she has lots for fun and learning activities planned. During Dr. Suess week we will do a cooking project making the Hat of the Cat out of pancakes, fresh strawberries and whipped cream. The cooking project will help the children learn science by balancing and making the tallest hat ever. The children will focus on academics such as letters, numbers, phonics and writing skills to help them prepare for Kindergarten.

Jr. K Room 14 Welcome spring!! Jr. K will read lots of Dr. Suess books and during Fairy Tale week they will be doing Disney Art work. After St. Patrick's Day we will talk about the season and colors of spring. The children will be learning about oviparous animals at the end of the month.
